November 2022

FLY2WORK ON FOCUS

The project Fly2Work is a 24 months project, that aims at fostering youth employability by creating a methodology jointly with a set of tools and good practices that will help employers to design good onboarding plans for youngsters.

The partnership will focus on:

1. Developing a methodology to improve their processes of hiring young people and therefore contribute to improve their employability.
2. To encourage employers to hire young by providing tools that help them to design good onboarding plans.
3. Help companies to retain talent.
4. Create a set of tools that enable youngsters to adapt better and in a short time to the work environment.

Co-funded by the ERASMUS+ program of the European Union, this innovative project is coordinated by FI Group, working together with Associazione TDM 2000, Cype Software, Pistes Solidaires Porto Business School and APROXIMAR Cooperativa de Solidariedade Social.
